

# Systematic ELD Lessons

Modified from A Carousel of IDEAS

Ord Terrace Elementary School  
Monterey Peninsula Unified School District

1st Draft  
Fall, 2009

These lessons were modified by members of the Ord Terrace Elementary ELD Committee. They are intended to be used with materials from A Carousel of IDEAS curriculum.

In order to fully implement the lessons, teachers will need the original teacher's editions, picture cards, theme pictures, and transparencies included in the Carousel boxes. If you are teaching the Beginning (CELDT 1) or Early Intermediate (CELDT 2) levels, you will need the **GREEN box**. If you are teaching the Intermediate (CELDT 3), Early Advanced (CELDT 4), or Advanced (CELDT 5) levels, you will need the **BLUE box**. It is appropriate to group 2 ELD levels together. For example, Beginning/Early Intermediate students can be together, if necessary.

Key to lessons:

TP = Theme pictures

These are included with the Carousel curriculum as colored transparencies, pictures printed on heavy card stock, or on the CD-ROM.

PCs = Picture cards

These are included in a small box. There are matching word cards. These are generally the target vocabulary to teach per unit, though sometimes you will need to find additional picture cards which are not included in the Carousel curriculum.

SWBATU = Students will be able to use...
