HELPING SCHOOLS ACCESS STATE FUNDS

Biennium 2021-2023

SIA SPECIFIC SERVICES

The SIA supports and services focused on mental & behavioral health and wellness and improving academic success for historically underserved focal groups. Services offered by SOESD were in district identified priority areas.

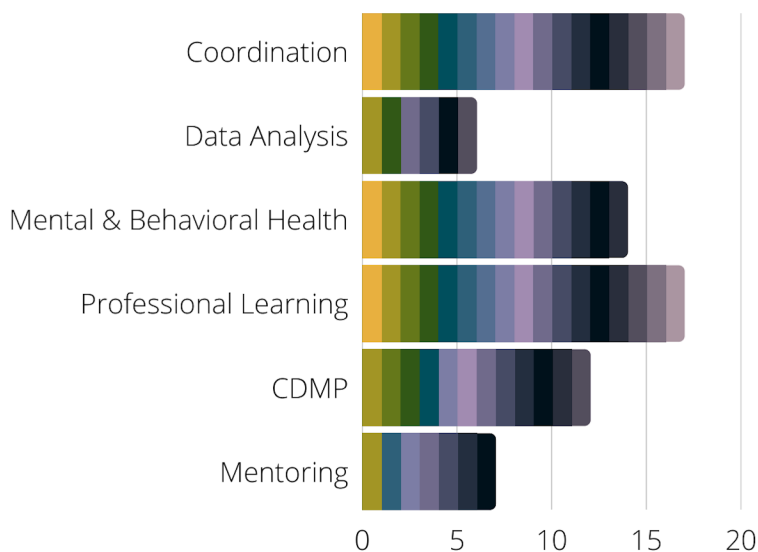

Southern Oregon Education Service District (SOESD) is committed to providing all districts in their region with highly effective, just-in-time technical assistance, data driven menu of services and evidence-based professional learning opportunities.

UTILIZATION OF SERVICES

SOESD provided its 13 component districts & eligible charter schools with SIA-specific, individualized support by a highly skilled team of dedicated SIA Implementation Specialists.

Assistance was **offered to all SOESD-member districts and schools at no charge.**

Each component school district & eligible charter school is represented by a single color throughout the chart below.

ASSISTANCE PROVIDED

INTEGRATED PLANS & COORDINATION

Facilitated virtual community engagement; provided writing, feedback and revision support for SIA progress reports and annual report based on ODE's requirements, feedback, and questions.

DATA ANALYSIS

Analysis of qualitative data from engagement sessions; Co-created surveys and conducted qualitative and quantitative data analysis on responses.

MENTAL & BEHAVIORAL HEALTH SUPPORT

Create draft district Suicide Prevention, Intervention, and Postvention plans; provided suicide prevention and other professional learning and training on plans; attended regional meetings with community organizations to gather Information to share with districts; drafted Comprehensive Counseling Plans; provided technical assistance on mental and behavioral health topics.

PROFESSIONAL LEARNING

Identified district/charter school prioritized professional learning topics; organized virtual/in-person offerings on a variety of topics; developed asynchronous courses based on district/charter school identified needs.

COMMUNICABLE DISEASE MANAGEMENT SUPPORT

Monitored ongoing guidance and requirements related to contagious diseases; assisted schools and districts with plans and communication; support collaboration across districts and Local Public Health Authorities.

MENTORING SUPPORT

Provide high quality one-on-one, onsite instructional mentoring to teachers and administrators that are new to the profession or changed districts/schools or grade levels.
